- C. In all respects, MTNA State competitions will conform to Divisional and National Guidelines.
- D. District Adjudicated Performances are to be held annually between March 1 and May 31, and will be called “Spring Adjudicated Performances”. Noncompetitive, non-adjudicated Fall Festivals are held annually between October 1 and December 31.

 - 1. The adjudicated performances are open to all interested students and neither participants nor the judges shall be “screened off” from the audience.
 - 2. All participants will receive certificates of participation in accordance with the ratings I, II, III, with I being the highest. All participants will receive written comments and evaluations on a standardized adjudication form.
- F. All new rules and amendments voted that are approved in WVMTA board meetings must be updated regularly on the Student Performances Plan.

GENERAL RULES GOVERNING WVMTA EVENTS

West Virginia Music Teacher Association competitions, adjudications and recitals provide unique opportunities for students and teachers, striving to raise the level of teaching and performance standards throughout the state and to inspire the individual student to higher achievement.

In judged events such as spring performances, Mountain State and other state-sanctioned competitions, participants should understand the subjective nature regarding the rating of musicianship and technical ability. WVMTA, its officers, and competition chairs endeavor to create a full and fair opportunity for each participant.

1. Teachers, students, parents and family members are all expected to conduct themselves in a professional manner.
2. For Mountain State Competitions, the presenting teacher must be a *member in good standing* (see below) of WVMTA as of the entry deadline. To enter a competitive event, the student must have studied with the presenting teacher for at least *six* of the last *nine months* preceding the event. In the event of illness or relocation out of the area, the new teacher may present the student with written authorization of the previous teacher.
3. A teacher in good standing is defined as the following: Teachers entering students in WVMTA events must demonstrate service to WVMTA in at least two ways during the twelve months beginning with the students' participation. These duties include:
 - a. Help at state competitions and/or district events such as recitals, fall festival, spring adjudications, theory & technique testing (monitor, timer, refreshments, program, etc.)
 - b. Attendance at district meetings
 - c. Holding of an office or committee chair at the district or state level
 - d. Other service to the organization
4. Participants must submit an accurate and complete application for competitive events. The online registration must be completed before the deadline date. Late applications will not be

accepted. For district events, accurate and complete program information must be submitted by email to the district chair no later than the deadline. Program information, program changes, and/or repertoire changes sent after the deadline may be accepted at the discretion of the district chair.

5. Composer classifications, specific repertoire information including key, opus number, specific movement and composer of presented works must be stated on the application form. No repertoire changes for competitive events may be made after the entry deadline. Please consult mtna.org, under competitions *or* contact competition chair.
6. The district chair must collect all district event entry fees from students and submit *one* check, payable to WVMTA to cover all entries. Entry fees are non-refundable. For state competitions, students submit entry fees via the PayPal link on the online registration form.
7. The district chair arrange for judge(s) to be paid the current fee and mileage set by the state board. For all district and state-level events that require a judge, they must be paid \$75 per hour plus \$0.65 per mile.
8. For competitive events and spring adjudicated performances, students must submit one score of each piece to be performed for the judges. Each score submitted to the judges must include measure numbers. Please see the MTNA website and the WVMTA Performance Plan regarding the use of photocopies.
9. Memorization is the performance practice for keyboard and vocal works. It is optional for other instruments and chamber music performances.
10. For competitive events, students who arrive later than their assigned performance time, or who perform repertoire different from what was submitted on the application form, will be ineligible for a rating or compete for any prizes in a competitive event. These students may play for comments only. WVMTA understands that in the case of late arrivals, unforeseen circumstances do occur. The chair of the event or district may decide if the student can be reassigned to a different performance time.
11. Students may enter on the same instrument in either the WVTA Mountain State Competitions *or* the MTNA Competitions, but the student may not enter *both* on the same instrument. This applies as well to the Adagio Strings Competition.

12. In Mountain State Competitions, students may not enter the same repertoire that they have performed in any previous year.
13. Students may enter both the performance and composition categories of the Mountain State Competition.
14. Teachers who enter students in WVMTA Mountain State Competitions must register for the state conference.

ORGANIZATION AND IMPLEMENTATION OF THE PERFORMANCE PLANS

- A. The WVMTA First Vice-President shall select a Chair for each District, subject to the approval of the President. Two people may be chosen to serve as Co-Chairs if deemed preferable.
- B. The State Performances Chair and the District Chairs shall constitute the WVMTA State Performances Committee.
- C. For performance purposes the State is divided into districts. Each District Chair will organize Adjudicated and Festival performances in all performance areas recognized by MTNA. This will include the selection of a site, the selection of an adjudicator or adjudicators (subject to the approval of the State Performances Committee). A teacher may not adjudicate his/her own students. The District Chairs are urged to have more than one judge if 50 or more students perform. District Chairs will provide performance information to WVMTA teachers and judges, send publicity to media, and supervise all facets of the performance procedure. It shall be the responsibility of the District Chairs to see that each district is planning properly for these performances.

**RATING GUIDELINES FOR WVMTA EVENTS:
DISTRICT ADJUDICATION, FESTIVALS, &
COMPETITIVE PERFORMANCE EVENTS**

Summary of Performance Expectations

For each level, the rating demonstrates all or most of the following:

I. SUPERIOR (compares with 90-100%):

An outstanding performance, which is consistently musical, as well as stylistically appropriate and accurate. Accuracy in dynamics, phrasing, and other markings in the score that lead to a musically expressive and complete performance.

II. EXCELLENT (compares with 80-89%):

A strong performance that is also musically and stylistically appropriate and accurate. The performance shows accomplishment and potential, with a few discrepancies in rhythm, dynamics, phrasing and/or interpretation. Memory slips or hesitation may distract slightly from the performance. A performance with promise and potential.

III. GOOD (compares with 70-79%):

The performance contains several memory slips, and may contain inaccuracies in rhythm, expressions, etc. The cohesive flows of the piece is interrupted. Additional work is needed in one or more areas to achieve a secure and convincing performance.

Note: For each of the grading levels, judges are free to add + or - .

SPRING ADJUDICATED PERFORMANCES

RULES FOR DISTRICT ADJUDICATED PERFORMANCES, SOLO AND ENSEMBLE

A. GENERAL

1. Adjudicated performances are intended as an aid to teachers in their work with students, and as a stimulus to individual students as they progress toward their particular musical goals.

In Junior A, separate composers are recommended but not required. Pianists must perform all works from memory. For other instruments, memorization is left to the discretion of the teacher, and those performers may play two (2) movements of the same piece.
6. A student who has participated in a district's Spring Adjudicated Performances will accept the adjudicator's rating as a final decision, and cannot re-perform in another district with another adjudicator.
